Incorporated on the Assessment Plan, March, A. D., 188. DR. E. B. HALE, President. J. B. FRANKLIN, Sec'y. W. W. SUNDER-LAND, Treasurer. S. R. McFARLAND, Ass't The plans on which this Home Enterprise operates and the principles which the charter protects renders it the best method of Fire Insurance under the sun. Every business man knows that Capital Stock means Speculation. "The Valley Home" has no capital stock, consequently no dividends to divide, neither does it call for Annual Premiums, nor have any legal affiliations to incorporated capital stock, which as a rule, either becomes immensely rich at the expense of every man who takes insurance subject to it, or else soon dissolves. Our system simply means pay a small record fee, and for the property burned. All you pay by assessment is approprieted to pay the less of your neighbor, it your property burnes, your neighbor is assessed to pay you. This is not only insurance, but the practical exercise of right. If you will give this business transaction five minutes solid thought you will see that this is Tax Conrany in which to place your fusurance. We wish to employ a number of good business men as Agents and Solicitors, and can over special inducements to to the right man. For full particulars, terms and territory, call on or address
